Description

Ready to Sail – 2020 Azimut S8

The S Collection blends sporty elegance with cutting-edge innovation. Crafted from advanced high-tech materials, these yachts embody performance and style. The dynamic bow cap defines the collection's aesthetic, while expansive open spaces create a seamless dialogue between interior and exterior for unrivalled comfort and luxury.

Extensive use of carbon fiber throughout the construction ensures a lightweight, stable, and efficient design. The fully carbon-fiber roof, superstructure, customized hardtop (the only S8 with a hardtop on the market), transom, and platform lower the center of gravity for optimal stability and performance. *Focused on the yacht's upper sections, carbon fiber lightens laminated components by up to 30% and reduces natural roll momentum by approximately 15%.*

Powered by Triple Volvo IPS 1350 engines, the S8 delivers exhilarating performance with impressive fuel efficiency. Handling and seakeeping are exceptional, maintaining smooth running and high cruising speeds even in challenging conditions. The generous tender garage accommodates both a Jet RIB and a Jet Ski, with a spacious aft sun pad above for relaxation.

Beautifully appointed inside and out, this one-owner yacht was sold new by us and has been professionally maintained by our service team since delivery. With a full-time crew and meticulous annual servicing, it is presented in excellent condition throughout.

This yacht is ready to sail — contact us today to arrange a private viewing.
